

# Application for Membership

The Cape Cod Climate Change Collaborative (Climate Collaborative) is a Cape and Islands-wide campaign whose mission is to reach carbon neutrality—or net zero—on Cape Cod and the Islands of Massachusetts by enhancing communication, collaboration, and activism among organizations, programs and individuals committed to mitigating the climate crisis. We recommend familiarizing yourself, members, staff, volunteers, and employees with the Climate Collaborative ([capecodclimate.org](http://capecodclimate.org)) and [subscribing](#) to our periodic Climate Action Alert newsletter for climate collaborators on Cape Cod and the Islands.

To become a member of the Climate Collaborative, you must represent an organization or corporation. Please complete the fillable form below and return to [CapeCodClimate@gmail.com](mailto:CapeCodClimate@gmail.com).

**Name of your organization** \_\_\_\_\_

**Contact information** your name \_\_\_\_\_ title \_\_\_\_\_

phone \_\_\_\_\_ email \_\_\_\_\_ website \_\_\_\_\_

town \_\_\_\_\_ state \_\_\_\_\_ zip code \_\_\_\_\_

**Your organization's mission statement** \_\_\_\_\_

**General description of your organization's activities** \_\_\_\_\_

**Current activities, if any, related to mitigating the climate crisis?\*** \_\_\_\_\_

**Planned activities or programs to mitigate climate change?\*** \_\_\_\_\_

**Are you interested in learning more about how your organization's staff, employees, volunteers and members can help mitigate the climate crisis? (Y) \_\_\_\_ (N) \_\_\_\_ What types of assistance might you need?** \_\_\_\_\_

**Ways people may support your organization's activities to mitigate the climate crisis?** \_\_\_\_\_

**How might the Climate Collaborative assist your efforts to address the climate crisis?** \_\_\_\_\_

**Please suggest how the Climate Collaborative might enhance public and/or peer-to-peer collaboration and communication in addressing the challenge of climate change.** \_\_\_\_\_

\*E.g., describe current and proposed commitment(s) to climate change-related education, action, research or other initiatives planned by your organization (for example, reducing your organization's carbon footprint by using energy-efficient lighting, transportation and appliances; installing solar, wind or thermal power; protecting natural landscapes that absorb carbon; educating your membership and/or employees about ways to reduce carbon footprints.)
